

Are your employees prepared to be their **OWN FIRST RESPONDER?**

69% of organizations view an active shooter incident as a potential top threat, but **79%** replied that their organizations were not fully prepared for this type of event.

– 2016 Report by Everbridge

Training and empowering you to **RECOGNIZE RESPOND & SURVIVE** an active shooter event

We're taking a proactive approach to workplace violence through...

- Scenario-based training for active shooter response.
- Skill-based training for emergency medical response.
- Online video curriculum for corporations to train employees.
- Situational awareness seminars.
- Risk assessments and security consulting.

Our On-site Active Shooter Response Training provides you with...

- Critical thinking skills to survive a violent encounter.
- In-depth, hands-on medical training needed to save lives of those injured.
- The ability to recognize and mitigate potential threats.

Our Online Active Shooter Training Video Course Covers:

1 Pre-Incident Awareness and Threat Recognition

3 Life-Saving Medical Training

2 Responding to a Threat

4 Interaction with First Responders and the Aftermath
